PROFESSIONAL SUMMARY

SEO & Digital Marketing Specialist with 5+ years of experience driving organic acquisition for SaaS and Web2 businesses. Specializes in technical SEO, AI-powered content workflows, and full-funnel optimization with a proven ability to recover compromised sites, build new lead-generation channels, and align SEO strategy with revenue goals. Background in B2B sales adds a commercial edge to every campaign. Experienced in managing digital advertising campaigns end-to-end, from implementation and measurement to client reporting and cross-functional stakeholder alignment, with a track record of translating campaign insights into measurable business outcomes.

WORK EXPERIENCE

Pixel Web Solutions

Senior SEO Analyst

01/2025 – 04/2026 | Madurai, India

- **Trusted Advisor & Client Solutions:** Served as the primary trusted advisor for client accounts, uncovering business needs through discovery sessions, translating requirements into bespoke digital advertising and SEO strategies, and delivering monthly campaign insights to cross-functional stakeholders to drive measurable business outcomes.
- **Organic Traffic & Customer Success:** Scaled monthly sessions from 5,000 to 15,000 in 4 months through technical SEO, content clustering, and strategic internal linking, directly improving inbound enquiries and contributing to customer success KPIs.
- **Conversion Rate Optimization:** Improved website conversion rate from 13% to 30% (86% relative uplift) by redesigning landing page CTAs, implementing AMP, running A/B tests on content workflows, and improving page load speed.
- **AI-Era Marketing Automation:** Designed and scaled innovative AI-powered workflows using SEMrush and ChatGPT for keyword clustering and content brief generation, cutting production time by 50% and driving a 125% increase in organic inquiries. Established best practices and shared them across the team to build a learning-by-sharing culture.
- **Site Recovery — Investigative Problem-Solving:** Led an end-to-end investigative project to diagnose and reverse a black-hat SEO attack and malware infection within 3 months, coordinating across web development, content, and client stakeholders to restore domain trust, recover rankings, and implement preventive monitoring protocols using Google Search Console, SEMrush, and Ahrefs.
- **Website Architecture & Core Web Vitals:** Led a full site restructure, improving crawlability, UX, and Core Web Vitals, contributing to a 78% improvement in average session duration by eliminating pogo-sticking and deepening content relevance.
- **Digital Advertising & Social Media:** Managed digital advertising campaigns across Facebook, Instagram, and YouTube through KOC marketing, achieving 100K+ impressions via trend-led content and audience engagement strategies aligned to client business goals.

Pixel Web Solutions

SEO Analyst

08/2022 – 04/2026 | Madurai, India

Primary Account: Coinsclone (Web3 / Blockchain SaaS) | Promoted to Senior role Aug 2025

- **End-to-End SEO Ownership:** Owned and executed the full SEO strategy for Coinsclone, keyword research, on-page optimization, link building, and content marketing aligned with user intent, product expertise, and client business goals.
- **Lead Generation & Campaign Measurement:** Built new organic acquisition channels through targeted blog content, generating a 50% increase in inbound enquiries. Managed and optimized X Ads campaigns in collaboration with client stakeholders, measuring outcomes against defined business KPIs and reporting insights to senior decision-makers.
- **Revenue Impact:** Contributed to a 74% improvement in client sales revenue in Q4 2022 through precision keyword targeting, landing page relevance improvements, and campaign measurement reports delivered to cross-functional.
- **Engagement Metrics & Customer Insights:** Improved average page dwell time and reduced pogo-sticking by 35% by translating data insights into actionable UX and content solutions, directly improving customer engagement and satisfaction outcomes.
- **Keyword Rankings:** Moved high-intent Web3 and blockchain keywords from Page 3 to Page 1 of Google SERPs across informational and commercial intent categories, expanding Coinsclone's organic reach and lead pipeline.

Delivery Guru

SEO Executive

07/2021 – 07/2022 | Chennai, India

- **Multi-Domain Client Management:** Managed on-page SEO and keyword strategy across 12 UK-based restaurant client domains, improving local SERP visibility and organic click-through rates through cross-functional collaboration with content and development teams.
- **Technical SEO Audits:** Conducted technical SEO audits identifying crawl errors, duplicate content, and schema markup gaps, resolving issues that improved indexation and search visibility; and delivering solutions directly to client stakeholders with 80% say-do ratio.
